

CLARA + Lever Integration:

Smarter Screening & Assessment

Human-Focused Hiring, Powered by AI

CLARA transforms your hiring process by seamlessly integrating with Lever to bring additional candidate insights and sort through candidates faster. Say goodbye to endless resume screening and hello to finding untapped talent with our efficient resume screening, assessment, and de-identification tools.

Why Choose CLARA?

Focus on What Matters

Free up valuable time with AI that does the heavy lifting, allowing recruiters to focus on building relationships.

Unlock Potential

Go beyond the resume. CLARA highlights candidates' critical thinking, adaptability, and future potential.

Encourage More Equitable Hiring

Balance efficiency and DEIB (Diversity, Equity, Inclusion, and Belonging) goals with AI tools that deliver actionable insights.

Integration Benefits

Real-Time Insights

We partner with companies to look beyond resumes and see candidates for who they truly are – their potential, their journey, and their ability to make a difference.

Streamlined Workflows

Sync candidate data, score resumes, and manage pipelines with ease—all within Lever.

Enhanced Candidate Visibility

Surface 26% more qualified candidates and save up to 70% review time per resume.

How It Works

1. Activate in Minutes

Connect CLARA with Lever via API in just a few steps. No hassle, just results.

2. Tailored Insights

The Results

Efficiency Gains

Less time screening, more time hiring. Transform hours of manual work into strategic business value.

Stronger Hires

Make decisions rooted in data and powered by equitable AI. It's a win-win for both recruiters and candidates.

Better Business Outcomes

Reduce cost-per-hire while increasing retention with candidates selected based on past performance and future potential.

Improved Candidate Experience

Candidates get evaluated on both experience and soft skills so their true personality can shine through.
